**Programming Languages:** HTML, CSS, SQL, Java, JavaScript, C, C++ (Qt), Ruby on Rails, Scala, Assembly, UML

**Other Programs Known:** Microsoft Office, SketchUp, AutoCAD, GNU Debugger, Eclipse, Final Cut

---

## Work Experience

**Software Engineer & 3-D Modeling Design Intern, Mahwah, NJ 2017**  
Worked for Nuance Communications Inc. as a software engineer who was given two main projects. Utilized Java, XML, JavaScript, and a stationary phone to map and set up an IVR that would be used to demonstrate Nuance's tools to possible customers. 3-D modeled and designed a collaboration area for the office to encourage individuals to work together.

**Computer Science Programmer, Oradell, NJ 2016**  
Worked for PMIT (Polimeni Medical Information Technologies) on the database end of an application. Self-taught to utilize Scala, transfer and parse XML files into JSON format, utilization of AKKA and basic Play Framework. Handled patient files and association of them in the created database.

**Computer Science Tutor, Lafayette College 2016-Present**  
Worked as a tutor during the weekend for students who needed help in the Computer Science 104 Gaming Class, 150 Data Structures, and 202 Algorithms class. Tutored on the weekends and adjusted my schedule to find times during the week to help students.

---

## Additional Experience

**Gateway Program, Lafayette College 2015-Present**  
Participated in the career exploration process, beginning in first year. Attended workshops, programs, to gather information about career opportunities.

---
